At a glance

LyondellBasell is the world's third-largest independent chemical company. We have annual revenues of approximately \$41 billion and more than 14,000 employees worldwide. Our vertically integrated facilities, broad product portfolio, manufacturing flexibility, superior technology base and reputation for operational excellence enable us to deliver exceptional value to our customers across the petrochemical chain – from refining to advanced product applications.

We manufacture products and develop technologies that improve the quality of life for people around the world. Our products are the basic building blocks used to manufacture countless everyday goods such as personal care products, fresh food packaging, lightweight plastics, high-strength construction materials, automotive components, biofuels, durable textiles, medical applications and many others. With the help of LyondellBasell materials, thousands of products are made safer, stronger, more affordable and more reliable.

At LyondellBasell, we clearly recognize the importance of being a responsible corporate citizen in our communities. Social responsibility means managing our facilities to protect the environment and

the health and safety of our people. We also believe it is important to enhance the local communities where we operate. We recognize that the safe manufacture and use of our products require our dedicated care and expertise.

LyondellBasell Industries N.V. is a public company with limited liability incorporated under Dutch law. We are listed on the New York Stock Exchange (NYSE) under the ticker symbol LYB. Our major administrative offices are located in Houston, Texas, and Rotterdam, Netherlands, and we operate 58 manufacturing sites in 18 countries.
