

## Technical Data

# TBAc™ Solvent

(Tert-Butyl Acetate)

## Solvent Maskant Recommendations

### Introduction

Lyondell Chemical Company has evaluated various fragrances to alter the odor of TBAc (t-butyl acetate). Some of the items evaluated will mask the odor while others will provide a fragrance to the TBAc. Please note that our tests did not look at formulated products, but only at the TBAc itself. The list below serves as a guide to help you select a product and, more importantly, a vendor who may be able to assist you with your formulation.
