

U.S. SALES SPECIFICATION

Material Number: 499064
Product Name: GBL
Chemical Name: Gamma Butyrolactone

Test Description	Specification Limits		Unit of Measure	Test Method
	Minimum	Maximum		
Restricted Stock?				
Current Quality Grade	Conforming to Specification			
Vehicle Type	Report			
Vehicle ID	Report			
Miscellaneous Text	Report			
Lot Number	Report			
Lot Number	Report			
Gamma B Lactone assay	99.7		weight %	
Water		500	weight ppm	
Acidity as Hydroxybutyric acid		0.03	weight %	
1,4-Butanediol	Report		weight %	
Color, Pt-Co		30	APHA Color	
Appearance	Pass			

Issue or Revision Date: 05/17/2008

Spec Version Number: 6

Material Number: 8720 11656 11679 499064 499065 499066 509234

This report has been generated from our business computing system and lists those properties our company evaluates in conducting batch selection decisions. This report may also contain typical properties and their expected values. This report may not cover your entire specification, which may include requirements for packaging, shipping, storage, delivery, etc.

The information in this bulletin is believed to be accurate and current as of the date of publication. It is the sole responsibility of the customer to determine whether the product is appropriate and suitable for the customer's specific use. Lyondell Chemical Company and its affiliates and subsidiaries make no warranties, express or implied, regarding the product or any information contained herein.

The applicable Material Safety Data Sheet should be reviewed before handling the Lyondell product. Lyondell Chemical Company and its affiliates and subsidiaries disclaim any liability against infringement of any patent by reason of customer's use of any Lyondell Chemical Company products in combination with other materials or in any process.
