

ASIA SALES SPECIFICATION

Material Number: 499221
Product Name: Propylene Oxide

Test Description	Specification Limits		Unit of Measure	Test Method
	Minimum	Maximum		
Current Quality Grade	Conforming to Specification			
Vehicle Type	Report			
Vehicle ID	Report			
Miscellaneous Text	Report			
Lot Number	Report			
Assay as PO, by GC	99.9		weight %	
Aldehydes, (as propionaldehyde)		50	weight ppm	
Water		200	weight ppm	
Color, APHA		10	APHA Color	
Appearance	Clear with no suspension solids			
Acidity as Acetic Acid	0	0.002	%	
Nonvolatile matter	0.0000	0.002	Wt. %	
Specific Gravity @ 20/20 °C	0.829	0.831	.	

Issue or Revision Date: Dec./02/2009

Spec Version Number: 8

Material Number: 499221 499222 499354 499356 499378

This report has been generated from our business computing system and lists those properties our company evaluates in conducting batch selection decisions. This report may also contain typical properties and their expected values. This report may not cover your entire specification, which may include requirements for packaging, shipping, storage, delivery, etc.

The information in this bulletin is believed to be accurate and current as of the date of publication. It is the sole responsibility of the customer to determine whether the product is appropriate and suitable for the customer's specific use. Lyondell Chemical Company and its affiliates and subsidiaries make no warranties, express or implied, regarding the product or any information contained herein.

The applicable Material Safety Data Sheet should be reviewed before handling the Lyondell product. Lyondell Chemical Company and its affiliates and subsidiaries disclaim any liability against infringement of patent by reason of customer's use of any Lyondell Chemical Company products in combination with other materials or in any process.
