

lyondellbasell

Material Safety Data Sheet

Product Code 01Y09AS
Revision Date 05/03/2010
Supersedes 08/08/2007
Date Printed 05/11/2010

1. IDENTIFICATION OF THE SUBSTANCE AND OF THE COMPANY

Identification of the Substance:

Trade Name: DIHYDROMYRCENE

Chemical Name: 1,6-OCTADIENE, 3,7-DIMETHYL-

Use of the Substance: Manufacturing intermediate/reagent

Company Identification:

LyondellBasell Flavors & Fragrances, LLC P.O. Box 389 Jacksonville, FL 32201, USA Telephone: 904-768-5800 Fax:904-768-2200	European Headquarters LyondellBasell Flavors & Fragrances, LLC C/O SCM EUROPE Place de l'ALBERTINE 2 B-1000 Brussels - Belgium Telephone: +32.2.289.05.10 Fax:+32.2.289.05.90
--	--

Emergency Telephone: CHEMTREC: (USA, Canada): 1-800-424-9300 ;(All Others): 703-527-3887

2. COMPOSITION/INFORMATION ON INGREDIENTS

CAS Number	EINECS Number	Ingredient	Typical Weight %
2436-90-0	219-433-3	2,4-DIMETHYL-2,7-OCTADIENE	1.20
		DIHYDROMYRCENE	90.60
		1,2-DIMETHYL-3-ISOPROPENYLCYCLOPENTANE	5.90

EU Classifications (refer to Section 16 for descriptions):

Symbol(s) Xn	Risk Phrase Code(s) R(10) R52/53-65	Safety Phrase Code(s) S62
-----------------	--	------------------------------

3. HAZARDS IDENTIFICATION

This substance is classified as dangerous according to EU Directive 1999/45/EC.

Potential Health Effects

Acute Health Effects:

Contact with the undiluted material may cause eye and skin irritation.

Chronic Health Effects:

Not Determined.

The information contained in this MSDS relates to this specific product. The information may not be valid if the product is used in combination with any other materials or in any process. It is the user's responsibility to satisfy himself as to the suitability and completeness of this information for his own particular use.

4. FIRST AID MEASURES

Inhalation:

Seek fresh air immediately. If breathing is difficult, seek medical advice.

Eye Contact:

Flush with water for at least 15 minutes. If irritation develops, get medical attention.

Skin Contact:

Remove contaminated clothing. Wash affected areas with plenty of soap and water. If irritation develops, seek medical advice.

Ingestion:

Drink lots of water to dilute substance. Get medical attention immediately or contact a poison control center for advice.

5. FIRE FIGHTING MEASURES

Suitable Fire Extinguishing Media:

Carbon dioxide, dry chemical, foam.

Unsuitable Fire Extinguishing Media:

If water must be used, use as a spray only.

Special Exposure Hazards:

Flammable liquid. Avoid heat, sparks and open flames.

Hazardous Decomposition Products:

Carbon dioxide, carbon monoxide, acrid fumes.

Special Protective Equipment for Fire Fighters:

Standard turnout gear for combustible liquids.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions:

Standard turnout gear for combustible liquids.

Environmental Precautions:

Do not allow the substance or solutions of the substance to be discharged into lakes, streams, ponds or public waters.

Cleanup Procedures:

Small spills should be absorbed by dirt, sand, vermiculate, or other suitable absorbent. Large spills may be pumped (if liquid) or scooped (if solid) into closed containers for recovery or disposal.

7. HANDLING AND STORAGE

Handling:

Wear safety glasses or goggles, rubber gloves and apron when handling material. If transferring to or from the container, use proper grounding procedures.

Material Safety Data Sheet

Product Code 01Y09AS
 Revision Date 05/03/2010
 Supersedes 08/08/2007
 Date Printed 05/11/2010

Storage:

Do not store in close proximity to excessive heat, open flames, strong acids or strong bases. To minimize product degradation, avoid prolonged exposure of the substance to air. Keep container tightly closed when not in use.

Ventilation:

Mechanical exhaust may be needed in confined and poorly ventilated areas.

Safety Stations:

An eyewash station and a safety shower should be readily available and clearly marked.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Limits:

None found.

Exposure Controls:

Respiratory Protection:

A respirator is not normally required. If vapor concentration is suspected to be high, use a NIOSH approved organic vapor respirator

Eye Protection:

Wear safety glasses or goggles.

Hand Protection:

Wear standard industrial type rubber gloves.

Skin Protection:

A rubber apron is recommended when handling the material for extended periods of time.

Personal Hygiene:

Wash hands and other exposed areas of skin with soap and water after handling the material.

Environmental Controls:

No environmental exposure controls required under Community environmental protection laws.

9. PHYSICAL AND CHEMICAL PROPERTIES

General Information:

<u>Property</u>	<u>Result</u>
Appearance:	Clear, nearly colorless liquid.
Odor:	Pine-type.

Important Health, Safety and Environmental Information:

<u>Property</u>	<u>Result</u>
pH:	Not determined.
Boiling Point:	318F (159C) (Distillation)
Flash Point:	97F (36C) (Tag Closed Cup)

The information contained in this MSDS relates to this specific product. The information may not be valid if the product is used in combination with any other materials or in any process. It is the user's responsibility to satisfy himself as to the suitability and completeness of this information for his own particular use.

Material Safety Data Sheet

Product Code 01Y09AS
 Revision Date 05/03/2010
 Supersedes 08/08/2007
 Date Printed 05/11/2010

Melting Point:	Not determined
Flammability:	Not determined.
Explosive Properties:	Not an explosive.
Oxidizing Properties:	Not Determined.
Vapor Pressure:	ca. 2 mmHG @ 20 C
Solubility in Water (Weight%):	Not determined
Solubility in Alcohol(Weight%):	Not Determined.
Fat Solubility:	Not Determined.
Partition Coefficient (n-Octanol/Water):	Not determined
Viscosity:	Not determined.
Vapor Density (air=1):	ca.4.8
Evaporation Rate (Butyl Acetate=1):	Not determined.
Autoignition Temperature:	Not Determined.
Specific Gravity:	0.761 @ 25 C

10. STABILITY AND REACTIVITY

Stability:

Substance is stable and unreactive under conditions of normal use.

Conditions to Avoid:

Prolonged or excessive heat and/or exposure to air may cause non-hazardous decomposition and/or oxidation of the substance.

Materials to Avoid:

Avoid contact with strong acids, bases and materials that react with unsaturated hydrocarbons.

Hazardous Decomposition Products:

Carbon dioxide, carbon monoxide, acrid fumes.

11. TOXICOLOGICAL INFORMATION

Primary Target Organs:	Eyes, skin.
Primary Entry Route(s):	Eyes, Skin.
Medical Conditions Aggravated by Overexposure	No known conditions.

Acute Toxicity:

<u>Parameter</u>	<u>Result</u>
Acute Oral Toxicity:	LD50 (rat): > 5000 mg/kg.
Acute Inhalation Toxicity:	Not determined.
Acute Dermal Toxicity:	LD50 (rabbit): >5000 mg/kg
Eye Irritancy:	Contact with the undiluted material may cause irritation.
Dermal Irritancy:	Material applied full strength to intact or abraded rabbit skin for 24 hours under occlusion was moderately irritating.
Skin Sensitization:	Not determined.
Mutagenicity:	Not determined
Teratogenicity:	Not determined.

The information contained in this MSDS relates to this specific product. The information may not be valid if the product is used in combination with any other materials or in any process. It is the user's responsibility to satisfy himself as to the suitability and completeness of this information for his own particular use.

12. ECOLOGICAL INFORMATION

Ecotoxicity:	Not determined.
Mobility:	Not determined.
Persistence and Degradability:	Not determined.
Bioaccumulation Potential:	Not determined.
Ozone Depleting Substances:	None.

13. DISPOSAL CONSIDERATIONS

Disposal Methods:	This material, if discarded, is considered a hazardous waste by EPA regulations 40 CFR 261.
Safe Handling of Wastes:	Refer to Section 8 for information pertaining to personal protective equipment and exposure controls when handling this material for disposal.
Community Provisions:	Dispose of this material at a local, state or federally approved landfill, incinerator or recovery facility.

14. TRANSPORT INFORMATION

Label Codes:	FLAMMABLE LIQUID
DOT Proper Shipping Name (Bulk):	UN2319, Terpene Hydrocarbons, n.o.s.(Dihydromyrcene), 3, PGIII
DOT Proper Shipping Name (Non-Bulk):	UN2319, Terpene Hydrocarbons, n.o.s.(Dihydromyrcene), 3, PGIII
ERG:	128
Marine Pollutant:	No.

15. REGULATORY INFORMATION

Chemical Inventories Status:	
USA (TSCA):	Compliant
European Community (EINECS):	Compliant
Canada (DSL):	Compliant
Australia (AICS):	Compliant
Japan (IEC):	Compliant
Korea (KECI/ECL):	Compliant
Philippines (PICCS):	Compliant
China (SEPA/CICS):	Not determined
USA: Federal:	
SARA Title III Section 302/304:	None.
SARA Title III Section 311/312:	Yes
SARA Title III Section 313:	None.
Hazardous Air Pollutants:	None.

The information contained in this MSDS relates to this specific product. The information may not be valid if the product is used in combination with any other materials or in any process. It is the user's responsibility to satisfy himself as to the suitability and completeness of this information for his own particular use.

USA: States:

None.

International:

Not Determined.

16. OTHER INFORMATION

EU Classifications:

Symbol Code(s):

Xn

Symbol Phrase(s):

HARMFUL

Risk Phrase Codes:

R(10) R52/53-65

Risk Phrases:

Flammable. Toxic to aquatic organisms, may cause long term adverse effects in the aquatic environment. Harmful: May cause lung damage if swallowed.

Safety Phrase Codes:

S62

Safety Phrases:

If swallowed, do not induce vomiting. Seek medical advice immediately and show the MSDS or container label to the physician.

U.S. NPCA/HMIS Hazardous Materials Information System

Health	Flammability	Reactivity	Personal Protection*
1	3	1	C

0 - Minimal Hazard: No significant risk to health.

1 - Slight Hazard: Irritation or minor reversible injury possible.

2 - Moderate Hazard: Temporary or minor injury may occur.

3 - Serious Hazard: Major injury likely unless prompt action is taken and medical treatment is given.

4 - Severe Hazard: Life-threatening, major or permanent damage may result from single or repeated exposures.

* This rating will generally suffice for normal operating conditions. Please note however, that the type of personal protection utilized may change based on specific use conditions (refer to Section 8).

Reason(s) for (Re)issue:

Legal entity change.
