

LyondellBasell is one of the largest plastics, chemicals and refining companies in the world. Every day our employees of LyondellBasell work around the clock to reliably and safely deliver the plastics, chemicals, materials, fuels and technologies that advance solutions to our world's biggest challenges. Found in nearly every sector of the economy, the products and materials produced by LyondellBasell are key to advancing solutions. With a nearly 70-year legacy of game-changing innovation, LyondellBasell is the world's largest licensor of polyolefin and polypropylene technologies and sells products into approximately 100 countries.

For our largest European production site in **Wesseling/Knapsack near Cologne**, we are looking for a

Internship Cyber Security (f/m/d)

Roles & Responsibilities

- Diverse on-site support for colleagues in Information Protection, IT Security and/or Compliance
- Active participation in day-to-day activities
- Independent development of tasks in consultation with colleagues

Min. Qualifikations

- You are currently studying (Bachelor student from the 5th semester or Master student) for a degree in Computer Engineering, Computer Science or a comparable degree with a focus on Information Security
- You like to work with systems in a technical way and you are familiar with the execution of monitoring tasks
- You are able to configure modules and have basic skills in SIEM
- You are familiar with dealing with databases
- You are familiar with modern tools to analyse patterns and behavior
- You can perform internal assessments of security measures
- You are open and communicative and enjoy working with people in a team, even across groups
- You have very good knowledge of the German language and good knowledge of the English language in word and writing, as well as basic knowledge of Word, Excel, Power Point and Outlook
- You have a high level of initiative, commitment and willingness to perform
- You will work independently, structured, carefully and with flexibility and organisational talent

What do we offer

We offer you an internship with a high level of diverse tasks and responsibilities in an international company that highly values the development of its employees, quality and safety. You get the freedom to take a range of responsibilities in a rapidly evolving environment.
