Clinton Complex

3400 Anamosa Rd. Clinton, IA 52732 (US) / 563-243-5500

Total Employees: ~442

Products

Produced

The products manufactured at the Clinton facility include the below:

- Ethylene and Propylene
- Polyethylene (Low Density and High Density)
- Plexar Tie-layer Resins

End Uses

The products from the Clinton facility are used in the production of the following end-use materials.

- Household industrial bottles
- Pressure pipe
- Food packaging
- Toys
- Home furnishings

Community Engagement

- Grow Clinton
- Victory Center
- Clinton Schools
- Clinton First Responders

Sustainability at Clinton Complex

- Currently, LyondellBasell is developing a number of polymer resins that are blends of recycled material and newly produced material.
- These resins use plastic that would otherwise have been sent to a landfill or thrown away.
