

Softell Textile

C/D – Pillar Trim

Softell PP Compounds with a textile fabric appearance provide a new innovative solution for interior automotive applications. A single substrate exhibiting the aesthetics, haptics and performance of a textile fabric-wrapped component.

- Process simplification by delivering a colored fabric-like appearance in the injection molded part
- Superior part appearance and soft touch haptics
- Very low gloss and excellent scratch resistance
- Outstanding mechanical property profile comparable to base materials without textile effect

Our *Softell* TKG 300N 1 and *Softell* TKG 2039N 1 can be used in numerous interior applications including upper pillar trim and seat belt guides.
